

PUBLICATIONS SCIENTIFIQUES – Christelle Robert

- Camblats, A.-M., Mathey, S., **Robert, C.**, Estival, S., Chevalère, J., Maire, J., Tauber, M., Laurier, V., Tricot, J., Mourre, F., & Postal, V. (2023) Interference effect of food and emotional stimuli in Stroop-like tasks for children and adults with Prader-Willi Syndrome. *Journal of Clinical and Experimental Neuropsychology*. <https://doi.org/10.1080/13803395.2023.2207777>
- Ballot, C., Mathey, S., & **Robert, C.** (2022). Age-related evaluations of imageability and subjective frequency for 1,286 neutral and emotional French words: Ratings in young, middle-aged and older adults. *Behavior Research Methods*, 54, 196-215. <https://doi.org/10.3758/s13428-021-01621-6>
- Ballot, C., **Robert, C.**, & Mathey, S. (2022). Word imageability influences the effect of emotionality in episodic memory. *Cognitive Processing*, 23, 655-660. <https://doi.org/10.1007/s10339-022-01102-4>
- Camblats, A.-M., **Robert, C.**, & Mathey, S. (2022). Le voisinage orthographique influence la catégorisation de couleur des mots différemment selon l'âge et la vitesse de traitement. *Psychologie Française*, 67, 49-59. <https://doi.org/10.1016/j.psfr.2021.10.004>
- Laulan, P., Catheline, G., Mayo, W., **Robert, C.**, & Mathey, S. (2022). Age-related positivity effect: Distinct mechanisms for lexical access and episodic memory retrieval of emotional words. *Psychology and Aging*, 37(8), 913-928. <https://doi.org/10.1037/pag0000709>
- Ballot, C., Mathey, S., & **Robert, C.** (2021). Word imageability and orthographic neighbourhood effects on memory: A study in free recall and recognition. *Memory*, 29, 829-834. <https://doi.org/10.1080/09658211.2021.1921216>
- Laulan, P., Catheline, G., Mayo, W., **Robert, C.**, & Mathey, S. (2021). The age-related positivity effect: forgetting the negative and/or remembering the positive? An inter-task study. *Gériatrie et psychologie neuropsychiatrie du vieillissement*, 18, 437-447. <https://doi.org/10.1684/pnv.2020.090>
- Mathey, S., Ballot, C., Postal, V., & **Robert, C.** (2021). Les mots du cancer : apports de la psycholinguistique et de la psychologie cognitive, in E. Dugas & L. Sivilotti (Eds.), *Inclure dans et hors l'école ?* Louvain-la-Neuve (Belgique) : EME éditions.
- Robert, C.**, Broqua, A., & Mathey, S. (2021). Can situational stress alter the effect of word emotional valence in a working memory task? in C. Houssemand (Ed.), *Recherches actuelles en psychologie différentielle*, (pp. 189-197). Esch-sur-Alzette (Luxembourg): University of Luxembourg.
- Ballot, C., **Robert, C.**, Postal, V., Dugas, E., Sivilotti, L., & Mathey, S. (2020). A study of student assessment of the lexical and emotional characteristics of cancer-related words. *European Review of Applied Psychology*, 70, 100549. <https://doi.org/10.1016/j.erap.2020.100549>
- Robert, C.** (2019). L'utilisation de protocoles individuels expérimentaux et quasi-expérimentaux en psychologie: Aspects théoriques et méthodologiques. *L'Année Psychologique*, 119, 55-96. <https://doi.org/10.3917/anpsy1.191.0055>
- Mathey, S., Camblats, A.-M., Ballot, C., Broqua, A., Postal, V., & **Robert, C.** (2018). De la lecture d'un mot à sa mémorisation : influence des processus lexico-émotionnels. *Approche Neuropsychologique des Apprentissages chez l'Enfant*, 155, 399-405.
- Robert, C.** & Mathey, S. (2018). The oral and written side of word production in young and older adults: Generation of lexical neighbors. *Aging, Neuropsychology, and Cognition*, 25, 231-243. <https://doi.org/10.1080/13825585.2017.1284987>
- Robert, C.**, Cousson-Gélie, F., Faurous, W., & Mathey, S. (2016). Subjective Lexical Characteristics: Comparing Ratings of Members of the Target Population and Doctors for Words Stemming from a Medical Context. *Language & Speech*, 59, 562-575. <https://doi.org/10.1177/0023830916636650>
- Robert, C.**, & Rico Duarte, L. (2016). Semantic richness and aging: The effect of number of features in the lexical decision task. *Journal of Psycholinguistic Research*, 45, 359-65. <https://doi.org/10.1007/s10936-015-9352-8>

- Robert, C., Postal, V., & Mathey, V. (2015).** Orthographic neighbourhood effect in the reading span task. *Journal of Psycholinguistic Research*, *44*, 119-125. <https://doi.org/10.1007/s10936-014-9287-5>
- Rico Duarte, L., & **Robert, C. (2014).** Semantic richness influences the naming of pictures in old age and in Alzheimer's disease. *Journal of Neurolinguistics*, *31*, 55-68. <https://doi.org/10.1016/j.jneuroling.2014.06.004>
- Robert, C., Dorot, D., & Mathey, S. (2012).** Du campus au jardin : estimations de fréquence subjective auprès d'adultes jeunes et âgés pour 660 mots de la langue française. *L'Année Psychologique*, *112*, 227-246. <https://doi.org/10.3917/anpsy.122.0227>
- Robert, C., & Mathey, S. (2012).** The effect of prime duration depends on neighborhood distribution in masked orthographic priming. *Language & Speech*, *55*, 247-260. <https://doi.org/10.1177/0023830911417796>
- Fernandez, S., **Robert, C., & Lecerf, T. (2010).** Relations entre variabilité intra-individuelle et performance mnésique dans deux groupes d'âge, in A. de Ribaupierre, P. Ghisletta, T. Lecerf, & J.-L. Roulin (Eds.), *Identité et spécificités de la psychologie différentielle*, (pp. 295-299). Rennes : PUR.
